

CALavera MASKS

How to make your mask:

You will need scissors a glue stick, masking tape and some ribbon.

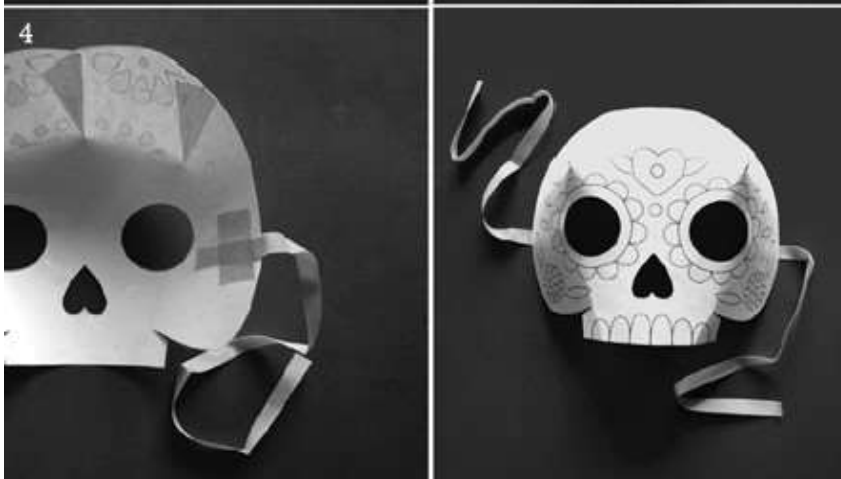

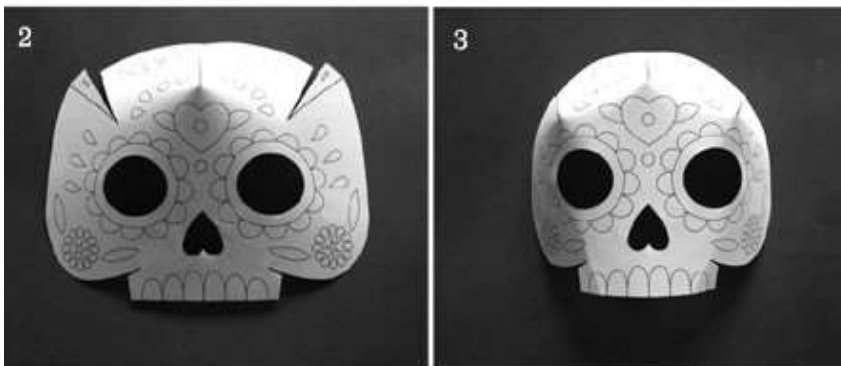

Step 1. Draw your design onto the mask and colour

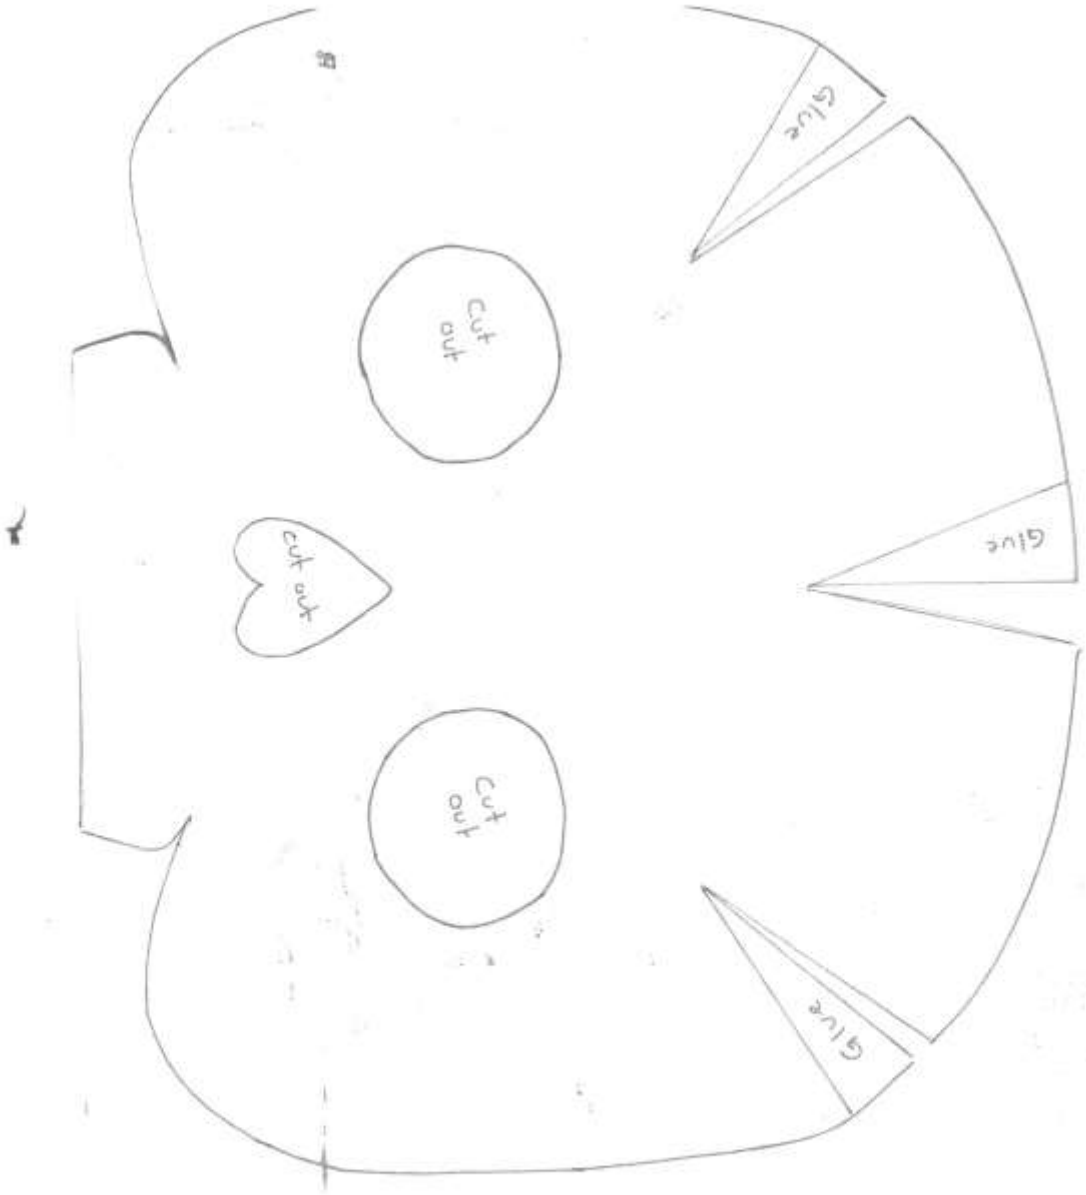

Step 2. Carefully cut out the mask, nose and eye holes.

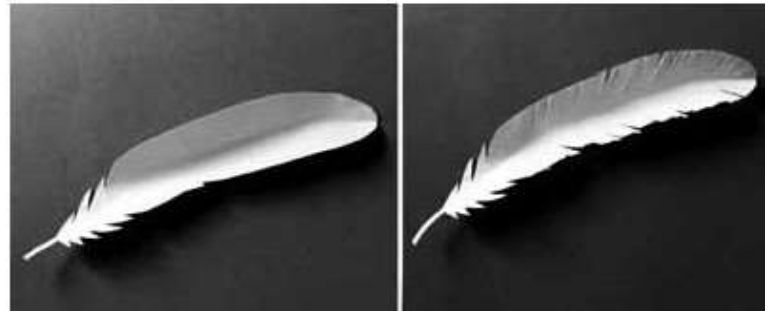

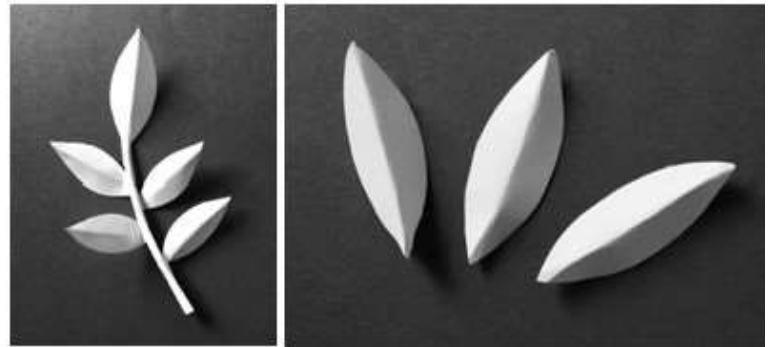

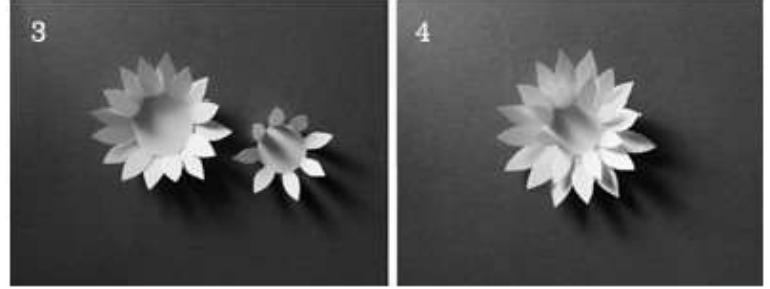

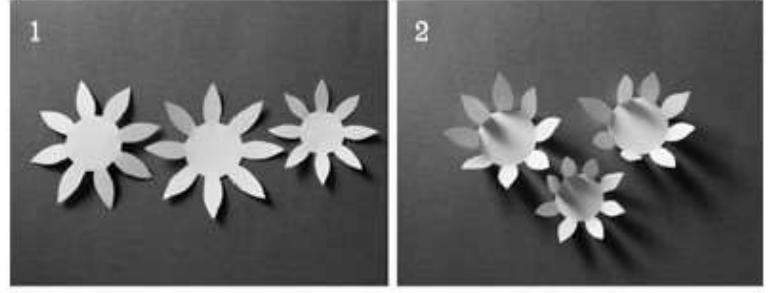

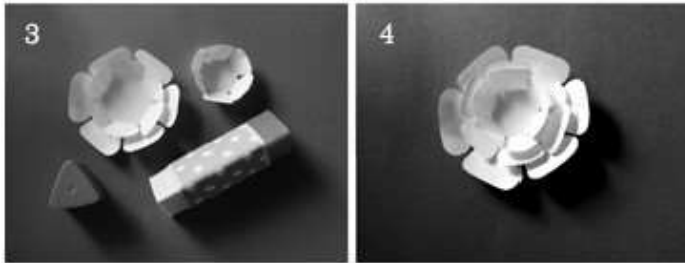

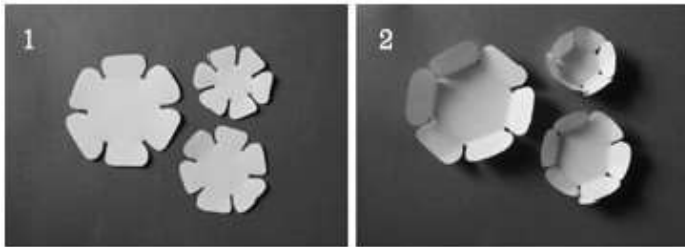

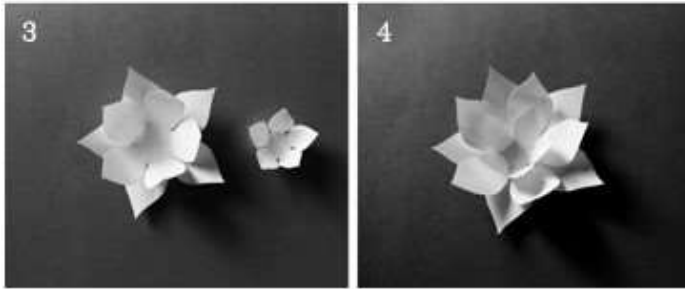

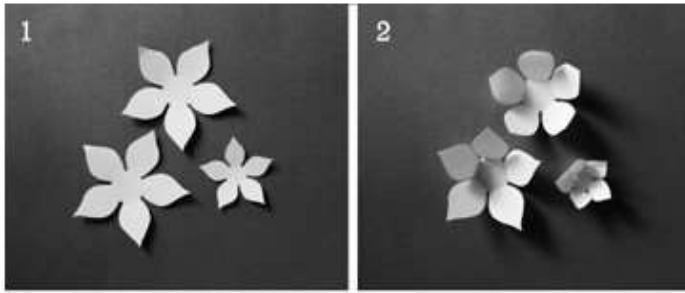

Step 3. Next stick the two side panels together as shown.

Step 4. Now take a length of ribbon to either side of the back of the mask.

Step 5. For Catrina style mask, stick on your flowers, feathers and foliage!

Flowers

Step 1
Carefully cut out the flower templates and sort them into

cutting onto colored them out.
groups of similar shaped petals. Ideally you will use three
templates for each flower.

step 2
Gently fold the petals towards the centre of the flower.
You can experiment with the direction of the fold to
achieve different effects. You can also mix the petals of
different shaped flowers.

Steps 3
Stick the second flower template in the centre of the first.

Step 4
Stick the final template in the centre of the flower.

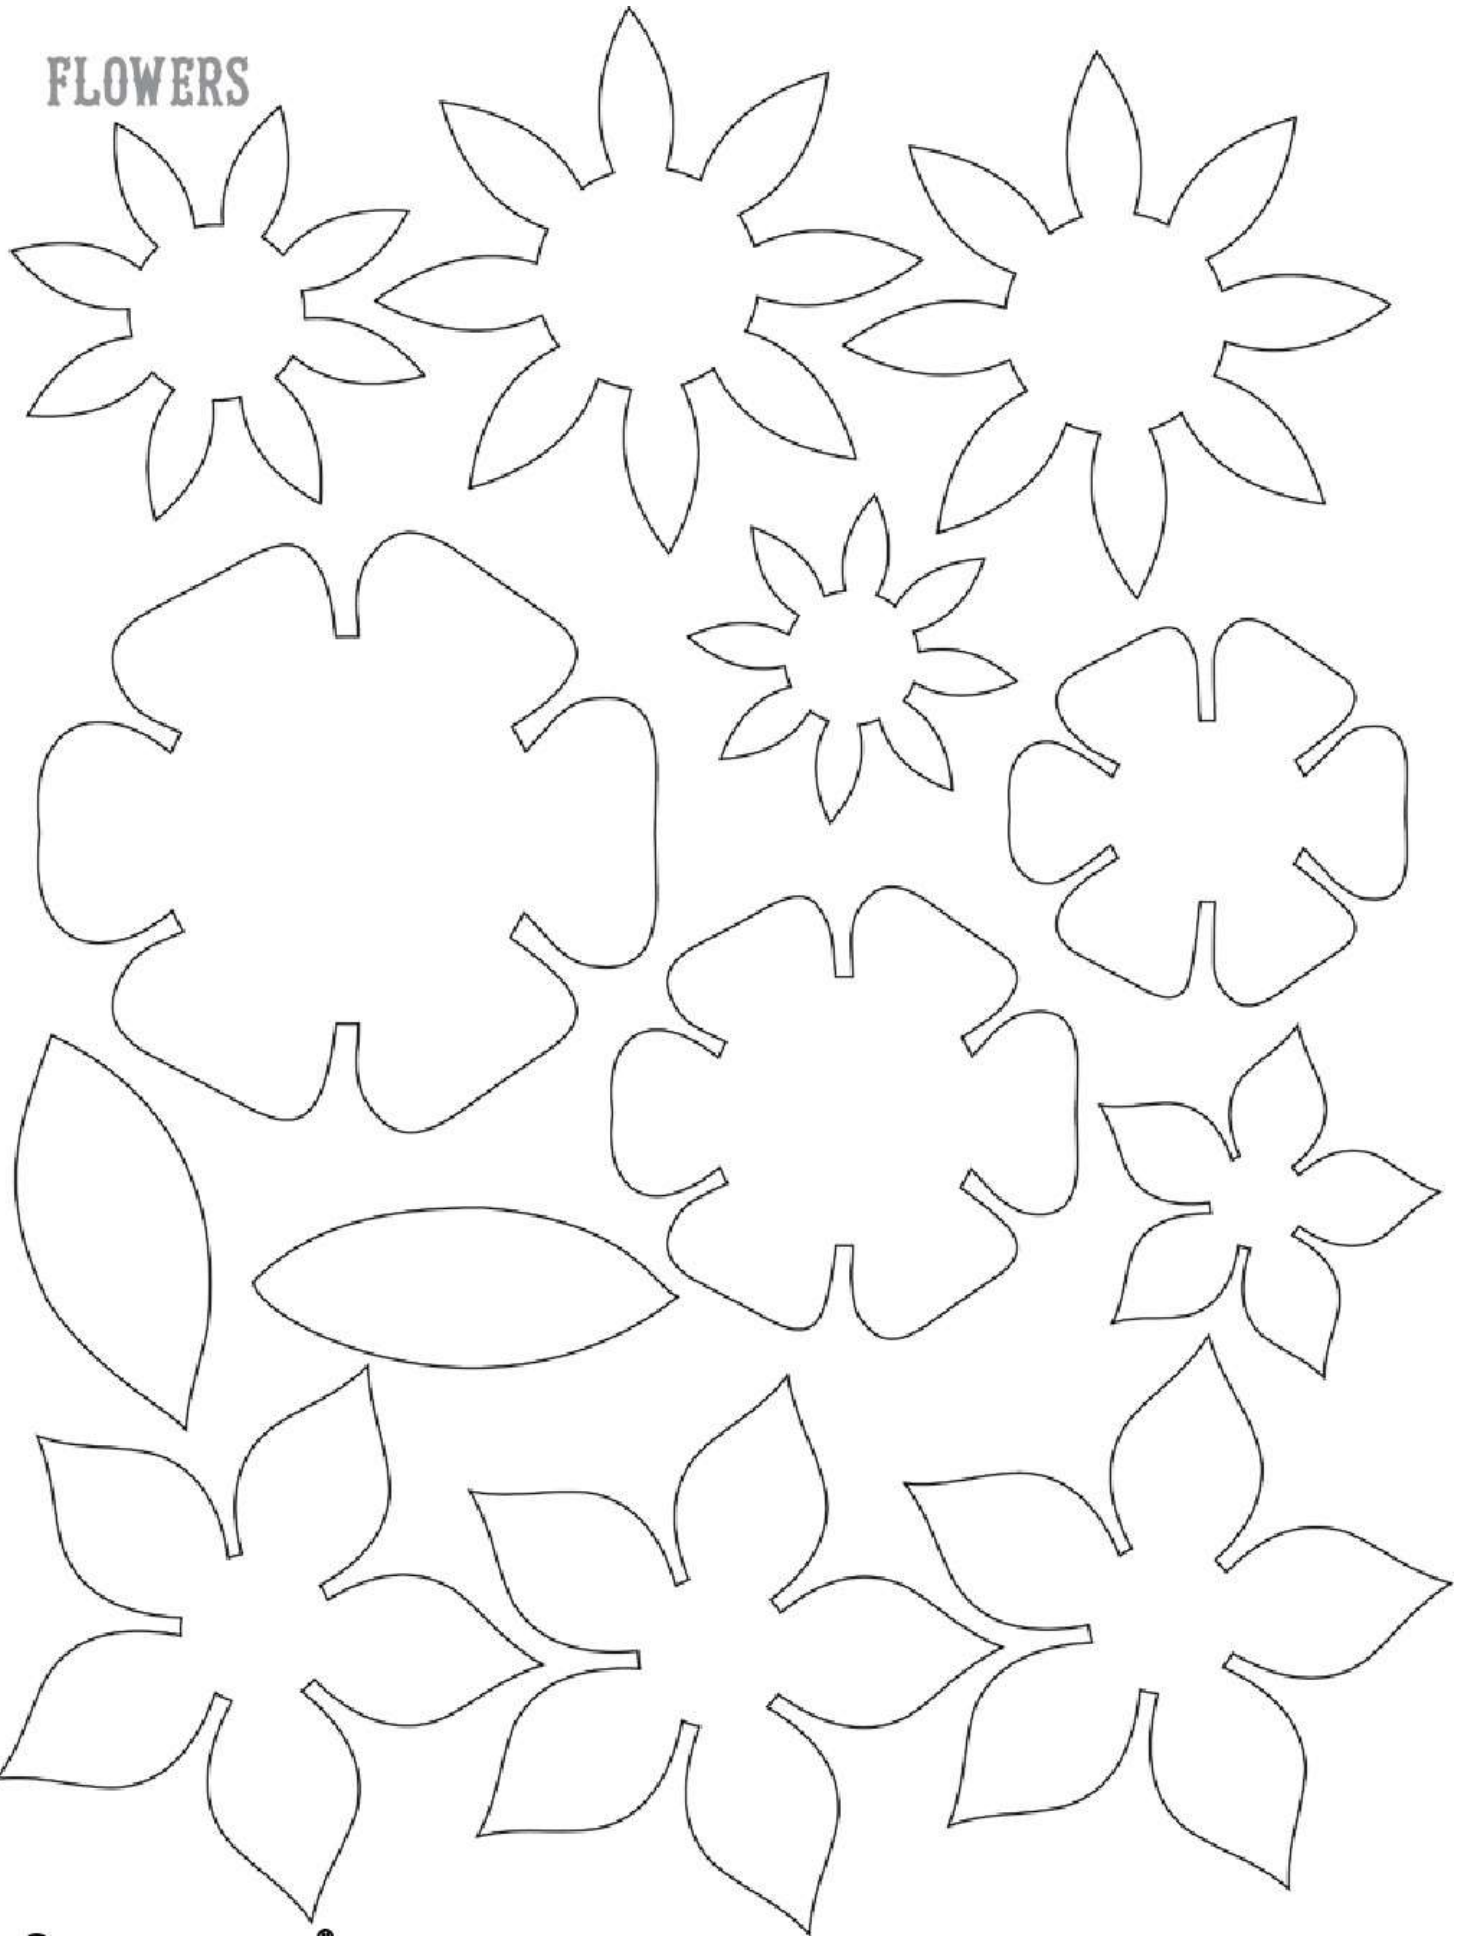

Leaves

Score and fold the centre of each leaf and pinch the
end to give it shape.

Feathers

Score and fold the center of the feather, following the
curve. Fringe the edges of the feather with your scissors
and ruffle a little to give texture.
