

Learning over the year

Autumn half term1:

New Beginnings.

Pupils will explore a variety of different emotions and will learn that emotions are part of everyday life and how to cope/deal with them. They will also learn about why there are rules and how laws are made and enforced, why different rules are needed in different situations and the roles played by public institutions and voluntary groups in society this will lead on to the ways in which we can all work together to improve the community and our school.

Autumn half term2:

Say no to bullying

Pupils will learn about the differences and similarities between people arise from a number of factors, including cultural, ethnic, racial and religious diversity, gender and disability.

Spring half term1:

Drugs and harmful substances

Pupils will learn about peer pressure and how to say 'no'. They will also discuss attitudes towards drugs and the effects that they have.

Spring half term 2:

Careers, money and finance

Pupils will learn about the importance of work and wages. They will build on their knowledge of why it is important to budget and save.

Summer term:

Pupils learn about positive and stable relationships, how do deal with a breakdown in a relationship and the effects of loss.

SRE unit on barrier contraceptives-pupils learn about the importance of abstinence, contraception, pregnancy and sexually transmitted infections.
