

# Science (Year 7)

## Subject contact information:

Mrs S Seeman (Head of Science)  
sseeman@sybilandrewsacademy.co.uk

## Learning over the year

Students will be studying six topics in year 7: two biology, two chemistry and two physics topics. These will be taught on rotation.

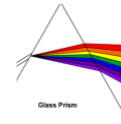

### Biology

- 7.1a A living Body
- 7.2b Habitats and Organisation

### Chemistry

- 7.1b Elements, Mixtures and Compounds
- 7.3a Common Chemical Reactions

### Physics

- 7.2a Energy and forces
- 7.3b Electricity

## Homework and assessment

Science homework will be given to students, on average, every 3 lessons. This will consist of a variety of activities and revision exercises.

There will be 3 summative assessments in Science – one at the end of each term which will cover the biology, chemistry and physics topic studied that term. There will also be other assessment opportunities spread evenly throughout the year and will consist of a variety of tests, presentations and practical tasks.
