

Our View

A collaborative project between artist Alfie Carpenter and students of Sybil Andrews Academy, Bury St Edmunds, sponsored by The Arts Society* Bury St Edmunds, to celebrate their Golden Jubilee.

Presentation Day
FROM 4:00 PM
March 2nd 2018

Encouraging an interest in the arts among young people is a primary objective of The Arts Society. In Bury St Edmunds, we have, over a number of years, supported young musicians, artists, actors and film makers.

'Our View' is a project, bringing together local mixed media landscape artist Alfie Carpenter and students at the Sybil Andrews Academy, to produce a feature work which will enrich the academy building.

Alfie plans to spend the earlier part of his time at the academy working with the students to explore their latent artistic skills and share his unique

approach in which he blends everyday materials into the collage elements of his work.

The project will be developed during term time, between February 19th and March 2nd 2018, ending in a reception during which the finished artwork will be presented to the Academy. Work created by Alfie, and by individual students, during his time as artist-in-residence will also be displayed.
