

White Algae

Facts file:

- Matisse was French.
- He was born in 1869 and he died in 1954.
- He was the leader of a group of artists called the *Fauves*, meaning *wild*. They used very bright colours.
- Instead of using colour paper, he painted white paper, let it dry and made his collages with it

Henri Matisse	
Information on him and his paper cuts and your opinion	Photo
A copy of his work (using coloured pencils or coloured paper)	Blocks of colour you used in your copy

The Snail

Tristram

Task:

Create a research page on Henri Matisse including image(s) of his work, a copy of his work, your opinion and an experiment of colours you use in your copy. Above is an example of a layout (the same as Sybil Andrews). You can use this or present the page in your own way. Be creative with your presentation and how you write his name to push for those top marks. E.g a boarder in his style or his name made out of coloured paper.
