

# Development in the style of Andy Warhol...

From your designs in the style of Roy Lichtenstein you are going to develop one or two in Andy Warhol's style. A big part of Andy Warhol's work is repetition. Pick your best design(s) and fill a page in your book by repeating the object 4-6 times, as shown above. If you would prefer to combine designs to make them even stronger that is fine.

Please email your work to Miss Pearson or Miss Nield.
