

Year 11 French Foundation Home Study Pack 1

**Objective : To practise
translation skills**

1. Revise the questions and answers from your General Conversation booklet. Use Mrs Frankland's recordings of the questions to help make it more of a conversation!
2. Work through some of the exam practice questions in the work packs you collected from your teacher e.g. 90-word tasks, Theme 1 questions.
3. Log on to www.memrise.com (AQA New GCSE French from 2016) and practise some of the topic vocabulary from each of the themes.
4. Open the 'French Translation Activities Booklet' and work through some of the translations. Remember to 'chunk' the sentences before you start to translate. The answer booklet is also provided so you can correct your French. Alternatively, please email your translations to your teacher for some feedback and to have any grammatical questions answered.
