

At Key Stage 3 – What will this look like for my child?

	Year 7 Getting to know you This year is spent with our students getting to know how to be a part of SAA. As we get to know the students, learn their strengths and help them develop, we want for our Year 7 students to embed themselves in the SAA community and embody the school values.	Year 8 Knowing myself As our students move through the school, we want for them to develop greater self-awareness – acting as ambassadors for the school, demonstrating the school and wider values and acting as role models for younger students.	Year 9 Making choices In a year where students are beginning to think more about potential career choices and selecting GCSE options, we want for them to be able to make informed decisions in their learning and through demonstrating the school values
Autumn Term 1	Transition / Settling in Getting to know you Making new friends	Embodying the school values	Embodying the school and British Values
